

Climate-Relevant Budget Allocation of Nepal

Fiscal Year 2026/27

This factsheet presents Nepal's allocation of climate-relevant budget across its three tiers of government (federal, provincial and local) for FY 2026/27. As per the Climate Budget Code guidelines of the Government of Nepal, a budget line is **"Highly Relevant"** if 60% or more is climate related, **"Relevant"** if 20% to under 60%, and **"Neutral"** if less than 20% or without a significant climate component. Of the NPR 2,124.34 billion federal budget, **about 45% (NPR 945.28 billion) is climate-relevant**. About 38% of the total budget is "Relevant," and only about 7% is "Highly Relevant."

83.50%

Sudurpashchim (highest)

20.90%

Bagmati (lowest)

This factsheet also examines the climate-relevant share across Nepal's seven provinces. The share varies significantly: Sudurpashchim has the highest at 83.50%, while Bagmati has the lowest at 20.90%.
